

RULEBOOK

SEASON 23/24

HYROX

WORLD SERIES OF FITNESS RACING

1. CONCEPT

HYROX, an indoor mass participation fitness competition, is based on an idea by Upsolut Sports founder Christian Toetzke and involves a combination of running and functional movements. The race and following rulebook, was designed and written by Mintra Tilly.

HYROX consists of a 1 km run followed by one workout, repeated 8 times. In order to complete the entire HYROX race and receive a valid finishing time, the participants must complete the runs and workouts in the specific order (run, workout, run, workout, etc.) until they have completed a total of 8 km running and 8 workouts. Whilst the repetition range and/or weights differ between the divisions, the running distance remains the same across all divisions: each participant must run 1 km before each workout, i.e. a total distance of 8 km.

The results and ranking system are based on the fastest time in each respective division. Results are sorted from the fastest to the slowest time. In addition to the overall fastest mens and womens times, results are also ranked in age groups (4.2. Age Groups), also sorted from the fastest to the slowest time.

The results will be published immediately after each event ends and will be available at hyrox.com/en.

5. WORLD CHAMPIONSHIPS

5.1 Qualification for the HYROX WORLD CHAMPIONSHIPS

The highlight of every HYROX season are the WORLD CHAMPIONSHIPS. Any HYROX participant starting at a regular HYROX event can qualify for the annual HYROX WORLD CHAMPIONSHIPS. However, the qualification slots are limited to a specific number for each division at a event. The number of qualification slots per division will be announced in the Athlete's Guide of each event city.

If a participant placed within his/her age group and earned a designated slot, he/she will be notified via Email the day after the event.

Each successful recipient of a qualifying slot will be notified via email the day after the event. The participant then has exactly 48 hours to register for the WORLD CHAMPIONSHIPS, otherwise their slot will be rolled down to the next best placed finisher in that same division. The successful participant will compete in the age group that they qualified in, regardless of their birthday.

5.2 Qualification as an Individual Starter

All participants who have qualified in the age groups (a) - (h) as an individual/single (HYROX MEN / HYROX WOMEN / HYROX MEN PRO / HYROX WOMEN PRO) have to complete the distances, reps and weights of the PRO division at the championships. For all other single participants, who qualified in the AG 60+ (i) - (m), the weights, reps and distances remain unchanged.

5.3 Qualification as a DOUBLES Team

5.3.1 DOUBLES MEN/WOMEN and DOUBLES MEN/WOMEN PRO

If a DOUBLES Team Member drops out, he/she can be replaced. The only requirement is that the new DOUBLES team member has to be the same gender and age as the dropped out member. This way the age group, and division will remain the same.

5.4 What if a participant qualifies for more than one Division?

Participants who have qualified for multiple divisions at the World Championships are permitted to compete in multiple divisions as long as their allocated start times do not conflict. Requests to change start times will not be considered. It is at a participants own risk to register for multiple divisions and refunds are not available in the event that start times prevent a competitor from participating in multiple divisions.

5.5 Age Groups

All participants will start within their division and AG to determine the AG Winner - AG WORLD CHAMPION. The AG is set by the participant's age at the qualifying event. AG Winners do not qualify for prize money or the overall winners title - World Champion of Fitness Racing.

5.6 Elite 15 and Prize Money

The Elite 15 is a separate start wave that consists of the fastest 15 athletes of the Pro division (WOMEN PRO and MEN PRO) of the current season leading up to the WORLD CHAMPIONSHIPS. To find out more you can read the ELITE 15 Qualification System (7.).

Only athletes within the Elite 15 Wave have the opportunity to become the overall world champion - World Champion of Fitness Racing - and win prize money. The prize money available at each World Championship will be announced in the Athlete's Guide.

Elite 15 athletes are excluded from the individual AG ranking and are therefore not eligible to become AG Winner in any of the Individual divisions.

 4. European Major
- Two Last Chance Qualifiers (LCQ)
- The World Championships of Fitness Racing

7.1 Majors

- The cut off day for each event is 2 weeks prior to the Major.

7.1.4 Qualification via Major races

If an athlete finishes in the Top 3 but was already auto qualified, the slot will roll down to the fourth or fifth ranked athlete of that respective major. It will not roll down beyond fifth position.

7.2 The HYROX World Championships

The only route of qualification to the World Championships is via placing at a Major Championship or Last Chance Qualifier event. There is no direct qualification to the World Championships based on a finishing time in a regular season race.

After the four Majors a maximum of 12 slots will be issued for the World Championships. The remaining slots will go to the top finishers at the LCQ races.

The number of slots will be distributed equally amongst the 2 LCQ races. In the event that the remaining slots result in an odd number, the very last LCQ race will receive one additional qualification slot for the World Championships to fill the race up to 15 athletes.
